### CAREER OBJECTIVE

I'm an enthusiastic computer programmer that specializes in Front-end web development, I have the ability to learn and collaborate in rapidly changing environments and compositions. Eager to tackle web development/design challenges to achieve lasting impact on user experience.

### WORK EXPERIENCE

#### Web Developer Intern

FireSwitch Technologies Ltd

2021 - 2022 / Ibadan, Nigeria

- Translated designs and wireframes into high-quality code using Reactjs with HTML and CSS.
- Work with back-end developers to integrate UI components with APIs and databases.
- Collaborated with designers and performance team on designing updates to sites and blogs, improving user experience.
- Write high-quality, scalable, and reusable code.
- Participated in stand-ups 2 times a month. Team leaders would review, assign, and coach team members.

### PROJECTS

#### A Travel Agency Website

Developer

- Used MUI5 to create the aesthetic layout that is highly responsive across screen sizes.
- Built responsive, accessible, and dynamic web pages to enable all users can navigate site.
- Implemented the React-Router DOM for the CSR.
